

NON-PANEL MOUNT - 1/8 FNPT TOGGLE VALVE

Design Considerations

The Standard Toggle Valve Series promotes a compact, Normally Closed design with multiple configurations to fit the exact end use application. The Toggle Valves are available with Detented or Momentary Handles, and with 2-Way (Non-Exhausting) or 3-Way (Exhausting) 10-32 Female porting. The 3-Way (Exhausting) Toggle Valves relieve air around the handle.

Specifications

Body: Electroless Nickel Plated Brass
 Stem: Brass
 Spring: 302 Stainless Steel

Maximum Operating Pressure – 0 - 125 psi
 Maximum Operating Temperature – -25°F to 180°F
 Flow Rate – 2.5 SCFM @ 50 psi
 Toggle Actuation Force – Tested at 50 psi
 Std. Spring, 9 oz. Detented, 1lb 3 oz. Momentary

Example of How to Order

TA 2 NC-B, 1/8F, 10-32F, B, * , * , NPM

* Spring – sStd, 50%, HS (Heavy Spring)

* Port Position – Std, 12:00, 3:00, 9:00

Toggle Color – B – Black, G – Gray, LG – Light Gray, PT – Plated

* Output Port – 10-32F, 1/16 Barb, 1/8 Barb, 3/32 Barb

Input Port – 1/8 FNPT

Seal Options – B – Buna, E – Ethylene Propylene (EPDM), F – Fluoroelastomer (Viton®)

Normally Closed

2-Way (Non-Exhausting) 3-Way (Exhausting)

TA – Toggle Activated (Detented), TM – Toggle Momentary (Spring Return)
